Professional Objective

Aspiring Full-Stack and Software Developer with an ADSE from Aptech and hands-on experience building structured web and mobile applications using React.js, the MERN stack, Flutter, and Firebase. Developed and completed LapVerse, a full-stack marketplace project, applying modern frameworks, libraries, and development tools across both platforms. Eager to tackle challenging technical environments, continuously expand my expertise, and develop strong leadership capabilities to contribute effectively and grow as a software professional.

Technical Skills

Languages: JavaScript, Dart, C/C++, PHP, SQL, HTML5, CSS3

Frontend: React.js, Flutter, Tailwind CSS, Bootstrap

Backend: Node.js, Express.js, RESTful APIs

Database: MongoDB, MySQL, Firebase

Tools & Technologies: Git, GitHub, Postman, Vercel, Axios, JWT, Mongoose, EmailJS, Cloudinary

Projects

LapVerse — Full-Stack Laptop Marketplace

React.js, Node.js, Express.js, MongoDB, Tailwind CSS, JWT | 2026

- Developed a complete marketplace with **buyer, seller, and admin roles**, enabling users to seamlessly switch between purchasing and selling products.
- Built dedicated **seller and admin dashboards** with product, order, user, and seller management, including performance analytics and marketplace controls.
- Designed and integrated **RESTful APIs**, tested endpoints with Postman, and structured the frontend and backend into a scalable full-stack architecture.
- **Live Demo:** [lapverse-kohl.vercel.app] | **GitHub:** [github.com/Rohan-Kumar320/LapVerse]

BabyShopHub — Flutter E-Commerce Application

Flutter, Dart, Firebase | 2025

- Developed a child-focused e-commerce application offering products for **newborns and young children**, with a simple and intuitive shopping experience.
- Implemented **user registration, product browsing, cart management, and streamlined checkout** using Flutter and Firebase.
- Designed a responsive and easily navigable interface focused on making product discovery and purchasing convenient for parents.
- **GitHub:** [github.com/Rohan-Kumar320/BabyShopHub]

Education

Bachelor's Degree in [BE Electronics Engineering]

[NED University of Engineering and Technology] — [Karachi, Pakistan]

Current Semester: [Fifth – 3rd Year]

Advanced Diploma in Software Engineering (ADSE)

Aptech Computer Education — [Karachi, Pakistan]

Completed: [2025] | Grade: [Distinction]

Intermediate / Higher Secondary Certificate in [Pre-Engineering]

[DJ Science College] — [Karachi, Pakistan]

[2022] – [2024] | Grade: [A]

Secondary School Certificate (SSC) / O-Levels

[Jennings Private Secondary School] — [Karachi Pakistan]

[2022] | Grade: [A+]
